

Model: PRGI-211

Technical features

Reference	Capacity	External dimensions (mm)	Cut-out dimensions (mm)	Power (W)
19017047	790	610	510	765

Packaging dimensions:

Depth: 700,000 MM

Width: 880,000 MM

Height: 715,000 MM

Gross weight: 55,000 KG

General features

Refrigerated top plates and wells with refrigeration unit included, for displaying and serving cold dishes, salads, desserts, etc.

Structure entirely made of AISI-304 stainless steel with a fine satin finish.

Control panel with ON/OFF switch and digital thermostat as standard options.

Hermetic and silent compressor.

R507 refrigerant gas.

Cooling by expanded copper coil in the base of the plate, except for the wells with the air-flow system.

Fixed to the worktop structure by using module fittings, which ensure a uniform fit and grip over the entire surface.

Digital thermometer to be installed on all cold elements as an optional accessory.

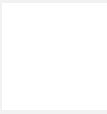

1/2" drain valve.

Operating temperature for refrigerated top plates: 0 °C / 8 °C.

Operating voltage and frequency: 230V/1/50Hz.
