Hand held Mixers

Bermixer PRO Combi 350 W with
Stainless Steel Tube (453mm) &
Reinforced Whisk

600317 (DBPW3545)

Portable mixer, variable speed up to 9000 rpm, with stainless steel tube 453 mm and whisk - 350 W

Short Form Specification

Item No. _____

Handheld mixer with stainless steel tube, reinforced whisk and space saving storing wall support. To be used directly in stew pots, even during cooking. Bayonet system ensures easy removal of accessories without tools. Parts in contact with food - tube, blade, shaft - completely dismountable without tools for easy cleaning. Bell knife design ensures antisplash system and minimum handling during working operations. Flat motor base with ergonomic handle for a convenient grip. Electronic speed variator with speed regulation regardless of the load. Electronic speed adjustment by pulse on + and - buttons. Maximum speed: 9000rpm. Safety feature requires both hands to start the machine. Design for heavy duty usage: double fan system to cool down the motor. Visible and water proof (IP55) control panel to control speed levels and overload warning light. Shaft locking device avoids release during operation.

Main Features

- Delivered with:
 - flat base motor
 - stainless steel whisk and tube
 - space saving storing wall support
 - reinforced whisk
- Parts in contact with food - tube, blade, shaft - can be completely dismounted without tools for easy cleaning.
- Light weight, ergonomic grip and adjustable speeds make preparation tasks fast and easy.
- Designed to be used directly in stew pots up to 50 lt.
- Anti-splash bell knife design.
- Bayonet system makes fast and simple to exchange tools.
- Overheating warning red indicator.
- Tube, knife and whisks are dishwasher safe.
- Safety feature requires both hands to start the mixer (no volt release system).
